

Australian Council of Christians and Jews Israel Seminar

June 3rd –13th 2010

The ten day seminar is designed for Christians and Jews from Australia who wish to delve into the central challenges of contemporary Israeli society. Explore the unparalleled historical and spiritual setting of Israel with Jerusalem at the center, holy site to Christianity as well as Judaism and Islam-three major world religions.

Each day is broken down into themes that give the participant an up-close understanding of these religions and their connection to Israel. The interplay between sacred space and sacred text is phenomenal and the complexities that surround this country expose the deeper meaning of Israel. This seminar will give you insight into the current political climate and the broader world around us.
